

BRIDGE OF FRIENDSHIP

When I learn about you,
When you learn about me,
Maybe in awhile together we will see,
That two hearts are stronger, stronger than one,
Two minds, my Friend, will get the job done.

We all need to plan and to understand,
Can't make the same mistake twice,
Make the most of two worlds,
Reach out your hand
A bridge of friendship across two different lands,
Friendship is the bridge....

Poets may dream,
Leaders may scheme,
Artists will paint pictures in my mind,
Step a little bit closer,
Reaching arms across the tide,
The Bridge of friendship endures throughout time.

We all need to plan and to understand,
Can't make the same mistake twice,
Make the most of two worlds,
Reach out your hand,
A bridge of friendship across two different lands,
Friendship is the bridge...reach out your hand.

Friendship is the bridge....
